

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

ORDER NO. 77-70

NPDES PERMIT NO. CA0038351

AN ORDER AMENDING ORDER NO. 75-15 TO
REISSUE WASTE DISCHARGE REQUIREMENTS FOR

RECLAMATION DISTRICT NO. 2105
BAY FARM ISLAND LAGOON
ALAMEDA, ALAMEDA COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region, (hereinafter called the Board) finds that:

1. The Board on March 18, 1975, adopted Order No. 75-15 prescribing waste discharge requirements for Reclamation District No. 2105, Bay Farm Island Lagoon, hereinafter called the discharger.
2. Order No. 75-15 expires July 1, 1977.
3. No discharge has occurred from the lagoon, except natural drainage, since adoption of Order No. 75-15. The discharger anticipates commencement of discharge from the project by November 1977.
4. This project involves the continued operation of a publicly-owned facility with negligible or no expansion of use beyond that previously existing. Consequently, this project will not have a significant effect on the environment based upon the exemption provided in Section 15101, Title 14, California Water Code.
5. The Board has notified the discharger and interested agencies and persons of its intent to reissue waste discharge requirements for the proposed discharge and has provided them with an opportunity for a public hearing and an opportunity to submit their written views and recommendations.
6. The Board on October 15, 1974, adopted Resolution No. 74-14, entitled "Policy Statement with Respect to the Implementation of Time Schedules for Facilities to Protect Shellfish." This Order satisfies the requirements of that Resolution for the discharger.
7. The Board, in a public meeting, heard and considered all comments pertaining to the discharge.

IT IS HEREBY ORDERED, that Order No. 75-15 is amended as follows:

Provision E.6. is amended to read:

"This Order expires on March 1, 1980, and the discharger must file a Report of Waste Discharge in accordance with Title 23, California Administrative Code, not later than 180 days in advance of such date as application for issuance of new waste discharge requirements."

Finding 7. is amended to read:

"7. The beneficial uses of central San Francisco Bay are:

- a. Recreation
- b. Fish migration and habitat
- c. Habitat and resting for waterfowl and migratory birds
- d. Industrial water supply
- e. Esthetic enjoyment
- f. Navigation
- g. Shellfishing (not fit for human consumption)

I, Fred H. Dierker, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an order adopted by the California Regional Water Quality Control Board, San Francisco Bay Region, on June 21, 1977.

FRED H. DIERKER
Executive Officer
